Student Council Strives To Help The Student Body.

Student Council 1982-83 - Kenneth Budke, Tom Duskie, Lucille Budke, Debbie Abram (secretary), Greg Schumacher (president), Brian Joerg (vice-president), Monte Wilson, Juanita Meier, Sandra Zimmer, Stephanie Bigham (treasurer), Russ Henningsen.

Student Council officers for 1982 - 83 were elected in the spring of 1982 by the student body. The remaining eight members are representatives from each class. Throughout the year student council sponsored the homecoming dances and the winter formal dance. At Christmas time they held a Christmas party for the student body. Student council established a new honour at Jewell High School this year which was the selection of students of the month.

1. Pam Wright, Junior Representative. 2. Debbie and Lucille filling up the pop machine. 3. Kenneth Budke getting involved in the meeting. 4. Juanita and Greg decorating for the homecoming dance. 5. Sandra and Lucille working hard while decorating for the dance. 6. Lucille, Sandra, Juanita, and Greg handing out door prizes at Christmas party. 7. Brian and Juanita at Stuco meeting. 8. Mr. Grubis voicing his opinion to many enthusiastic listeners.

Being a National Honor Society member is no easy task. Each member must maintain a B average and be active in a number of other school activities. In return for their hard work they are acknowledged, receive free time, and are taken on an Honor Society trip. This year Honor Society took their trip to Old Abilene in Abilene, Kansas, and took a computer and reactor tour in Manhattan.

1. Greg, Debbie, and Danielle testing their wits in a physics class experiment. 2. Filled with enthusiasm, Danielle and Greg listen to Mr. Quigley's report on the N.H.S. trip. 3. Stephanie and Twila are using their knowledge in chemistry. 4. Scott Greene, Janet Engel, Mike Girard and Denile Topliff making decisions concerning the National Honor Society trip.

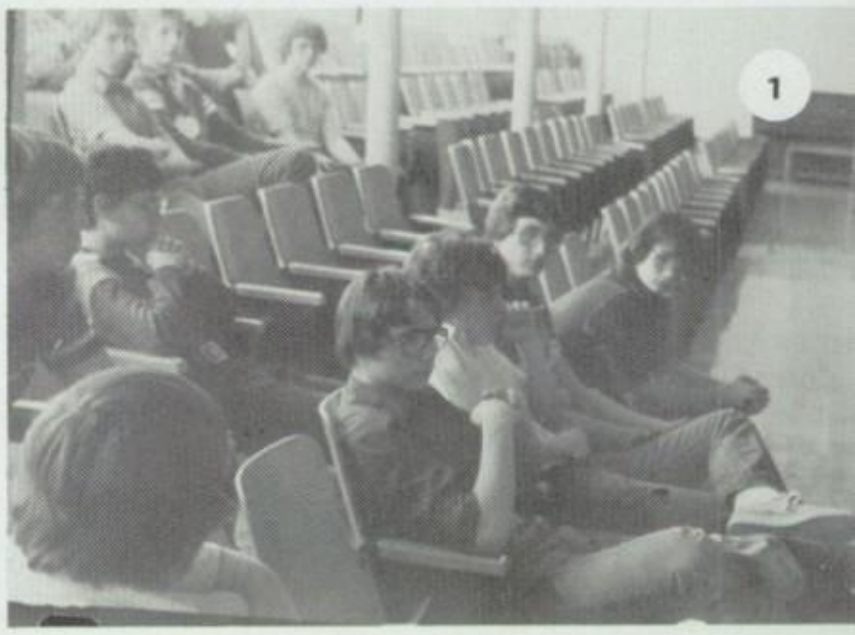
The Jewell Service Club had a great year. They started off by leasing the popcorn machine to the Classes for football concessions. The members worked hard and tried to keep the popcorn machine full during basketball, which wasn't easy during tournament time. The J.S.C.'s went to the Buffalo Roam for supper with some of the money they made. They also repaired and repainted some of the park benches and picnic tables. They also donated money to the High School library.



1. J.S.C. members in a meeting. 2. Scott and Ryan inspecting Curt and Jim's painting of fire hydrants. 3. Wayne working on a picnic table for J.S.C. work day. 4. J.S.C. officers handling the business of a meeting. 5. Russ, Curt, Roger, Wayne, and Mr. Droddy working on park benches.

Y-Teens have good year

The Y-Teens had a very successful year, with all twenty-four members contributing much time and hard work. They kept busy through throughout the year, by having various projects each month. Different activities that the Y-Teens sponsored were: The Easter Egg Hunt, decorating the Jewell Apartments at Christmas time, Secret Pal week. The Y-Teens attended area conference, took part in the Secret Mother-Daughter exchange with the YW, served the Chamber of Commerce Banquet, planted a tree in the school yard, and visited the funeral home. The Y-Teens also hosted various assemblies.

Front row: Twila Meier, Stacy Means, Stephanie Bigham, Denile Topliff, Danielle Burke, Debbie Abram, Janell Shaffer, Janelle Behrends, Holly Hutchins, Sherry Ritz, Juanita Meier, Judy Bolte, Karen Spiegel, Sayuri Taira, Gretchen Spiegel, April Cash, Cymantha Knapp, Brenda Mallory, Dawn Quigley, Marie Varner, Sandra Zimmer, Carey Slate, Seleise Barrett, Mrs. Griffeth.

YOUNG AMERICANS

When the pioneers settled across this nation, times were tough. They struggled, survived, and flourished, the nation benefitting from it all. Today, though there is no vast frontier, times are tough again. We must like our forefathers, struggle, survive, and flourish. The nation, again, must benefit from it all.

Front Row: Darwin Cockroft, Reporter; Curt Saint, Treasurer; Jim Bolte, Sentinal; Brian Joerg, President: Joey Behrends, Vice-President; Greg Schumacher, Secretary; James Droddy, Sponsor; Steven Durham, Roger Jacobs, Kenneth Budke, Tony Thornton, Jeff Shelton, Roger Schmidt, Greg Reece, Scott Greene, Dan Engel, John Budke, Curt Goff, Jeff King, Brian David, Russ Henningsen, Dave Engel, Gary Brooks, Brian Menhusen, Monte Wilson, Curt Doxon, Curt Slate, Bill Buser.

GIRL'S BASKETBALL TEAM FINISHES SEASON 3RD IN LEAGUE

The girl's basketball team did a fine job this year. The Wilcats started three seniors, one junior, and one sophomore, but received alot of help from the bench with junior, Denile Topliff, and freshman, JoLinn Railsback. A few of the highlights of the season included beating long-time rival, Mankato, three times, and finishing league play with third place. Jewell met Mankato in the first round of Regionals and won. In semi-finals, they faced state-ranked Glasco and played their finest game of the year, only to lose by two points. The team will truly miss the three seniors who contributed so much to the basketball team.

The Wildcats started out slow, by loosing the opening game to North Central. The Wildcats came back before Christmas to a 4-1 record. After Christmas the Cats lost a couple of heartbreakers in league play, which knocked them out of league contention. The Cats battled back in league tournament play to win the PTL Tournament Crown by beating Pike Valley in the final game. The Cats went on and took second place in the 1A Regional by loosing to Beloit St. John's, but the Cats still made it to Sub-State play only to get knocked out in the first round by the Number One rated team in the State, Westmoreland.

A Night To Remember

Many days have come to pass,
Many nights have gone, alas.
The times we've spent striving to learn,
Now this time for us must adjourn.

Though many times have been through rough weather,
We have had many good times together.
Now we must celebrate our completion,
With this night of festation.

Two more to go

The Sophomore Class is the largest class at JHS. They contributed much talent and skill through academics, athletics, and other activities. The Sophomores have advanced from being the class that gets picked on to a class that has become involved in everything that is happening in or out of our school. They received third place on their float in the Corn Show Parade. Being a Sophomore they will turn sixteen and will get a drivers license and be able to drive all over town legally. May their next two years be as successful as the first two years.

1. David, Gary, Tony, and Brenda working hard in typing. 2. Nicole and Juanita showing their talent at a pep rally. 3. Mike up to his usual tricks, picking on Brenda. 4. "Come on guys, let's cheer." 5. "Give me the ball!" 6. Sophomores working hard on their third place float. 7. Mike and Tony scheming up more trouble. 8. Brian and Juanita having an intelligent talk in the library of romance.

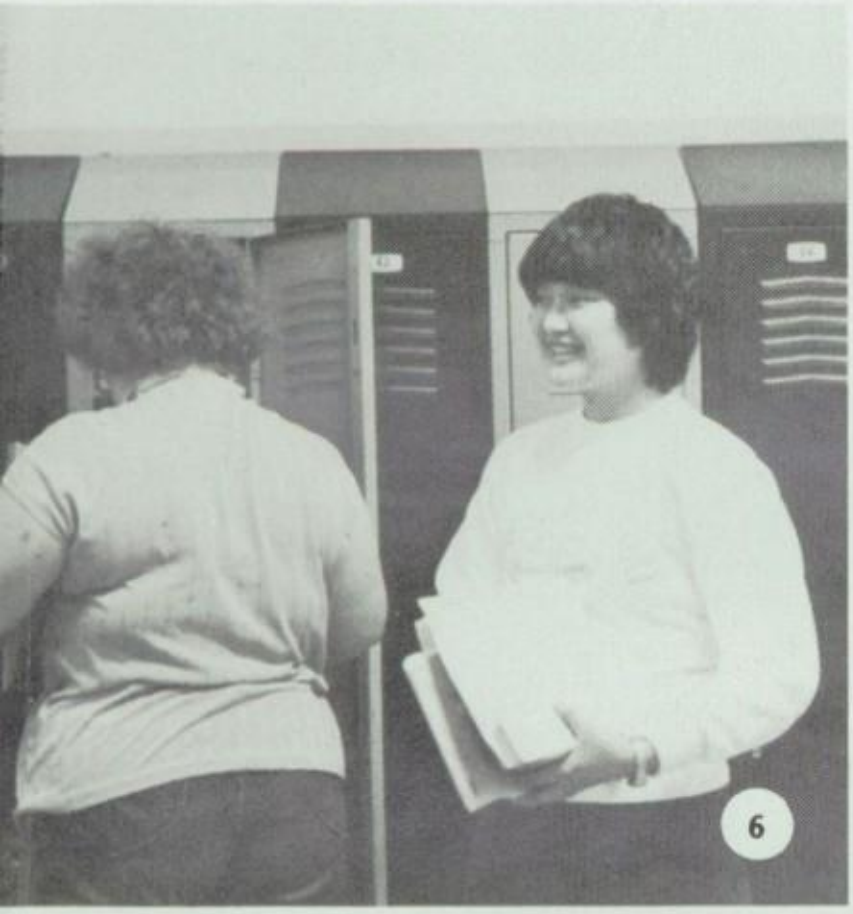
The Juniors are now on the last half of their high school education. They have had many new experiences this year. In the Fall they held a soup social for a money making project. In the Spring they hosted the Jr.-Sr. Prom, and they wrote their first term paper for American History and English III. Mr. Quigley began working with the Juniors, helping them to plan their future. May their final year be a successful one.



1. Bill and Jeff, computer whiz kids. 2. Gretchen sings to Denile about turtle soup. 3. Denile in "Alice in Americaland." 4. Hungry Girls. 5. Play it Bill. 6. Janelle, Judy, and Sayuri, gossiping between classes. 7. Curt, and Sophomores, Mike and Jeff in line for more food. 8. English III class. 9. John and his egg baby. 10. Sayuri looking up a word.

THE ARISTOCATS

The students of Jewell High School select classmates who are proud and responsible for their class. These distinguished members organize class meetings, take minutes, and keep records. The vice-president had an added responsibility this year: they made-up part of the Student of the month committee. The STUCO -representives bring ideas from their class to the Student Council.

Junior Class: Vice-President-John Budke, Treas.-Bill Buser, President-Jeff Gordanier, Stuco-Tom Duskie, Sec.-Denile Topliff, Stuco-Pam Wright. Senior Class: President-Robert Swank, Stuco-Monte Wilson, Vice-President-Debbie Abram, Stuco-Lucille Budke, Sec.-Treas.-Stephanie Bigham.

Sophomore Class: Sec.-Sherry Ritz, Stuco-Brian Peters, President-Mike Girard, Vice-President-Janell Shaffer, Treas.-Sharon Peters, Stuco-Juanita Meier. Freshman Class: President-Karen Spiegel, Vice-President-Carey Slate, Sec.-Treas.-Annete Wright, Stuco-Sandra Zimmer, Kenney Budke.

ESCAPE FROM ALCATRAZ

SENIORS ...

BREAKING AWAY

Another year goes passing by
The end is finally here
To some this brings a joyous smile
To others, brings a tear
For four years we have tread a path
From dawn to setting sun
But now the path gets steeper
And the climb has just begun
Our friendships will always be with us
In our memory they will be
For together we have stood as one
The Class of '83.

The Seniors had a very busy year as they were active in all the school events including the All-School Play, Football and Basketball Homecoming, concessions, supporting the Wildcats, and making plans for graduation. Selling magazines gave the Seniors $2,400 to use towards their Senior trip.

THE GRADUATE

Seniors fulfill requirements

The graduating class of 1983. Back row: Curtis Doxon, Jim Bolte, Mark Engle, Monte Wilson, Greg Reece, Robert Swank, Wayne Clark, Darwin Cockroft, Greg Schumacher, Brian Joerg, Curtis Saint, Russell Varner, Joey Behrends, Jeff King, Stephanie Bigham, Danielle Burke, Twila Meier, Lucille Budke, Kim Parker, Debbie Abram.

"Take a risk." Dr. Marcia Bannister speaks to the graduating class. She is a former Jewell High School graduate teaching at Fort Hays State University.

The 1983 commencement was attended by a large crowd on Sunday, May 15 at 4:00. The seniors chose blue and white for colors and the rose for their class flower. The invocation and benediction was given by Rev. Jim Swank. The mixed ensemble and Wayne Clark presented musical numbers during the program. The graduating class were presented diplomas by Don Bigham and Kenneth Joerg.

YOU CAN'T TAKE IT WITH YOU

We the seniors of 1983, in order to form a more perfect school, do justice to the underclassmen, insure the sanity of our teachers, repair the general choas we've caused, and chaos secure the blessings of liberty to those we leave behind, do ordain and establish this, our last will and testament.

I, Kim Parker, will to Brian Menhusen, an electronic beeper so that his mother won't have to waste her gas to find him when she wants him to come home.

I, Darwin Cockroft, will my ability to stay in school to Curt Goff, in hopes that he may stay in school long enough to graduate.

I, Danielle Burke, will to Karen Spiegel, my ability to control, lead, and all together keep intact the trombone section, in hopes that next year goes as smoothly as this year did.

I, Twila Meier, will to Curt Doxon, a recording of his theme song "Jailhouse Rock".

I, Brian Joerg, will to Davie McMillan, a paper plate, so that the next time he throws it at someone, it won't break.

I, Jim Bolte, will my ability to stay sober to Scott Greene for one full week, so that sometime he might try to.

I, Jeff King, will my ability to pick up girls to "Malvert" Buser, hoping that someday he might get a date with a girl.

I, Wayne Clark, will my ability to choose nicknames to Jeff (J.J.) Shelton, in hopes that he can come up with as good of one for someone else as I did for him.

I, Curt Saint, will Roger Jacobs his own personal tutor, so that he won't have to run to a teacher.

I, Mark Engel, will Brian Menhusen, my ability to behave in band and not get kicked out for one whole year.

I, Greg Schumacher, will earplugs to Jewell High School, in hopes that they will be able to survive three more years of "The Foghorn".

I, Monte Wilson, will Scott Greene, my self-control so that when he gets in the back seat of my car, he won't have such a hard time.

I, Lucille Budke, will my ability to keep quiet during class to the upcoming Junior class so that they will be able to stay out of trouble one day of the year.

I, Debbie Abram, will Mark Engel, my ability to sleep with my eyes open, so that in case he takes a Physics class in college, he will be able to fool his professors.

I, Curt Doxon, will my ability to Scott (ReRun) Greene, to get a date with a girl so he doesn't have to spend his Saturday nights with the cows.

I, Steph Bigham, will Scott (ReRun) Greene, my car, so that he will not have to use a quart of oil each trip to town, so that he will have brakes, and so that he doesn't have to choke on the 1912 dust that has accumulated.

I, Joey Behrends, will my track shoes to Roger Jacobs, so that he can run to the office each time he needs a teacher.

I, Greg Reece, will Gary Brooks my pickup, so that he won't have to drive his coca-cola pickup anymore.

We, Russell Varner and Robert Swank, will the girls of the Class of '86 a total of eleven brain cells to divide equally among them to hopefully double their mental capacity.

THE PROPHECY

The time is twenty years from now, the year is 2003. This is how we see the graduating class of Jewell High School, 1983.

Jeff King has just become the proud owner of K & H Used Cars. Jeff is very proud of this accomplishment, as he has worked many years saving vehicles and working on them. When asked why he named his business K & H Used Cars, Jeff replied, "With all the time, effort, help, and inspiration Dave Heinen gave me in the beginning, I certainly had to pay tribute to him in some way. I've done this by naming my business King and Heinen Used Cars."

Joey Behrends has just achieved a personal goal for himself in the world of electronics as he has become full owner of Moch Electric. Joey, who specializes in AC Currents, owes his success to his high school electronics teacher, Warren Birdsell. When asked how his business is progressing, Joey replied, "Great, I'm finally getting an abundance of CASH."

Jim Bolte has surprised all of his classmates as he has just quit the dairy business to take upon full time his new job as a restaurant chain operator. Jim stated, that after being named Colonel Jim, Colonel Sanders replacement, he needed to devote all of his time to studying the reproduction of CHICKENS. When asked how his business is doing, Jim replied smiling, "It's finger licking good!"

Many classmates have just returned from a vacation in Indiana, where they cheered professional race car driver LEADFOOT Lucy Budke on to victory. When asked how she gained the courage to drive amongst such danger, Lucy replied, "I owe it all to the girls in my high school class, for they were the ones who were brave enough to ride with me where ever I went."

Mark Engel has just accepted the position of Head Security Officer at the T.G. & Y. Family Store in Concordia, Kansas. Mark is very excited about this job, since he is working to make ends meet. When asked why he feels he is qualified for this job, Mark replied, "First of all, I need the money. Second, I know the tricks of the trade."

Brian Joerg can now be seen in Hollywood, as he has become a stunt man for 20th Century Fox. His latest film, which is a true story based on Brian's high school adventures, is entitled "The Night the Lights Went Out in Randall". When asked about these terrifying stunts that he has been asked to perform, Brian replied, "I have no fear of these stunts, as I've done them all before."

Dr. Debra Abram Stallone is reported in satisfactory condition following being involved in a dispute between her husband Sylvester and close friend Burt Reynolds. She seems to be handling her three broken ribs and black and BROWN eyes quite well. Reports say that she WIL-SOON be feeling fine. When we spoke to Debra about the situation, she stated, "Oh, it's nothing. I've been in the middle of things all my life."

Last reports show that Greg Reece has become new owner of the New & Improved REECE'S PIECES. He states that he got his inspiration from his dear friend E.T. and the boys in Ag. IV. When asked how business is going, Greg commented, "Super! They melt in your mouth and not in your hands."

Russell Varner is now a well known rock musician. He is highly respected in the music industry. His latest project is his own band named SUPER PUNKERS AND ZOMBIES, better known as SPAZ. This group's popularity has inspired a new dance among all ages called "The Fit". A bit of good news, Russell seems to be recovering well from a concussion he received breaking his guitar over his own head.

Greg Schumacher has now opened his own business called Schumacher Reality, Inc. with the motto "Townhouses are our speciality". Greg still lives on the farm, but he handles most of his business from his main headquarters located in town at the corner of Redwood and Likes Ta Street.

Robert Swank is now a computer engineer for the Chrysler Corporation. He recently won an award for his new invention of the two person bucket seat. Robert got this idea when he was still in high school, when he received a rather severe neck injury while sitting two in a single seat. We are glad you have finally found your answer Robert!

Curt Saint is to be congratulated for he just returned from the Olympics with his personal trainer Mike Terpening, where he won a gold medal and set a new world's record in the mile run. When Curt was asked what he would do next, he said, "Well, I'm gonna take a couple days off and then return to the farm and put the final coat of paint on my tractor I started back in high school."

Darwin Cockroft WAS working as a Jewell County Extension Agent where his major duty was teaching tractor safety courses. Darwin lost this position though, when it was discovered that he was causing more accidents than the students themselves. When asked to comment on his being fired, Darwin said, " " Oh well, Darwin will comment at a later date.

We now find Kim Parker McElroy in the middle of her tenth divorce. Her name has just been entered into the Guiness Book of World Records for the most divorces and remarriages to the same person. When Kim was asked about her future plans, she said that they had set no definite date, but that they had found more WRIGHT than wrong in their relationship and are getting back together soon.

Twila Meier has just received her degree from the Phyllis Diller Institute of Hair Design and Cosmetics. While in school, Twila made advancements in the area of perfume and mouthwash which have skyrocketed across the U.S. Twila is very confident that her perfume, JOAN, will make you smell APRIL fresh and her mouthwash is guaranteed to BRUCE up your breath so that you won't smell like a BEAR. Twila's slogan is "Wear my perfume and GURGGLE every day"!

Wayne Clark, much to everyone's surprise, is still playing amateur football for the Brown Mackie Stubs. Wayne has made great progress though, as he was just moved from water boy to tee retriever. When Wayne was asked if he got tired and lonely driving home every other day to see his MARIE, he said, "No, I handle myself quite well." We are also glad to see that Wayne is finally being "looked up to". Wayne now has his own fan club which consists of water boys called "WAC". Congratulations Wayne!

We now see Monte Wilson as a Disc Jockey for the Hutchinson radio station, H-O-L-L-Y. Besides playing the hit tunes, Monte also has his own talk show- "A Visit With Pic". His latest guest wrote a book entitled "Sleeping Double in a Single Bed". Monte's talk show is sponsored by Toppy's Poppies and Little Debbie Cakes. In his spare time, Monte is still working on a car that will go just as fast in reverse as it will in forward. Good luck Monte!

At last report, Steph Bigham had just moved to CARLTON, Missouri, where she was just recently promoted to Department Manager of the newly opened Pillsbury Bakery. Steph's department specializes in "GINGER-KNAPPS" and "LITTLE CHOCS" and recently won an award for the highest production level. Steph only had one comment when asked about her successful career, "Try a BAXA my GINGER-KNAPPS and LITTLE CHOCS, they go great together."

Just last APRIL, Curt (the Squirt) Doxon, had the misfortune of having his entire combine corporation impounded due to unsafe driving. As a result, Curt decided he would take upon full time a new career of managing The AA Bar, Alcholics All Of Us. Curt wants all of his friends to be sure and bring their KAR-LA through his newly added drive through, and get the best CAREY-out service there is around.

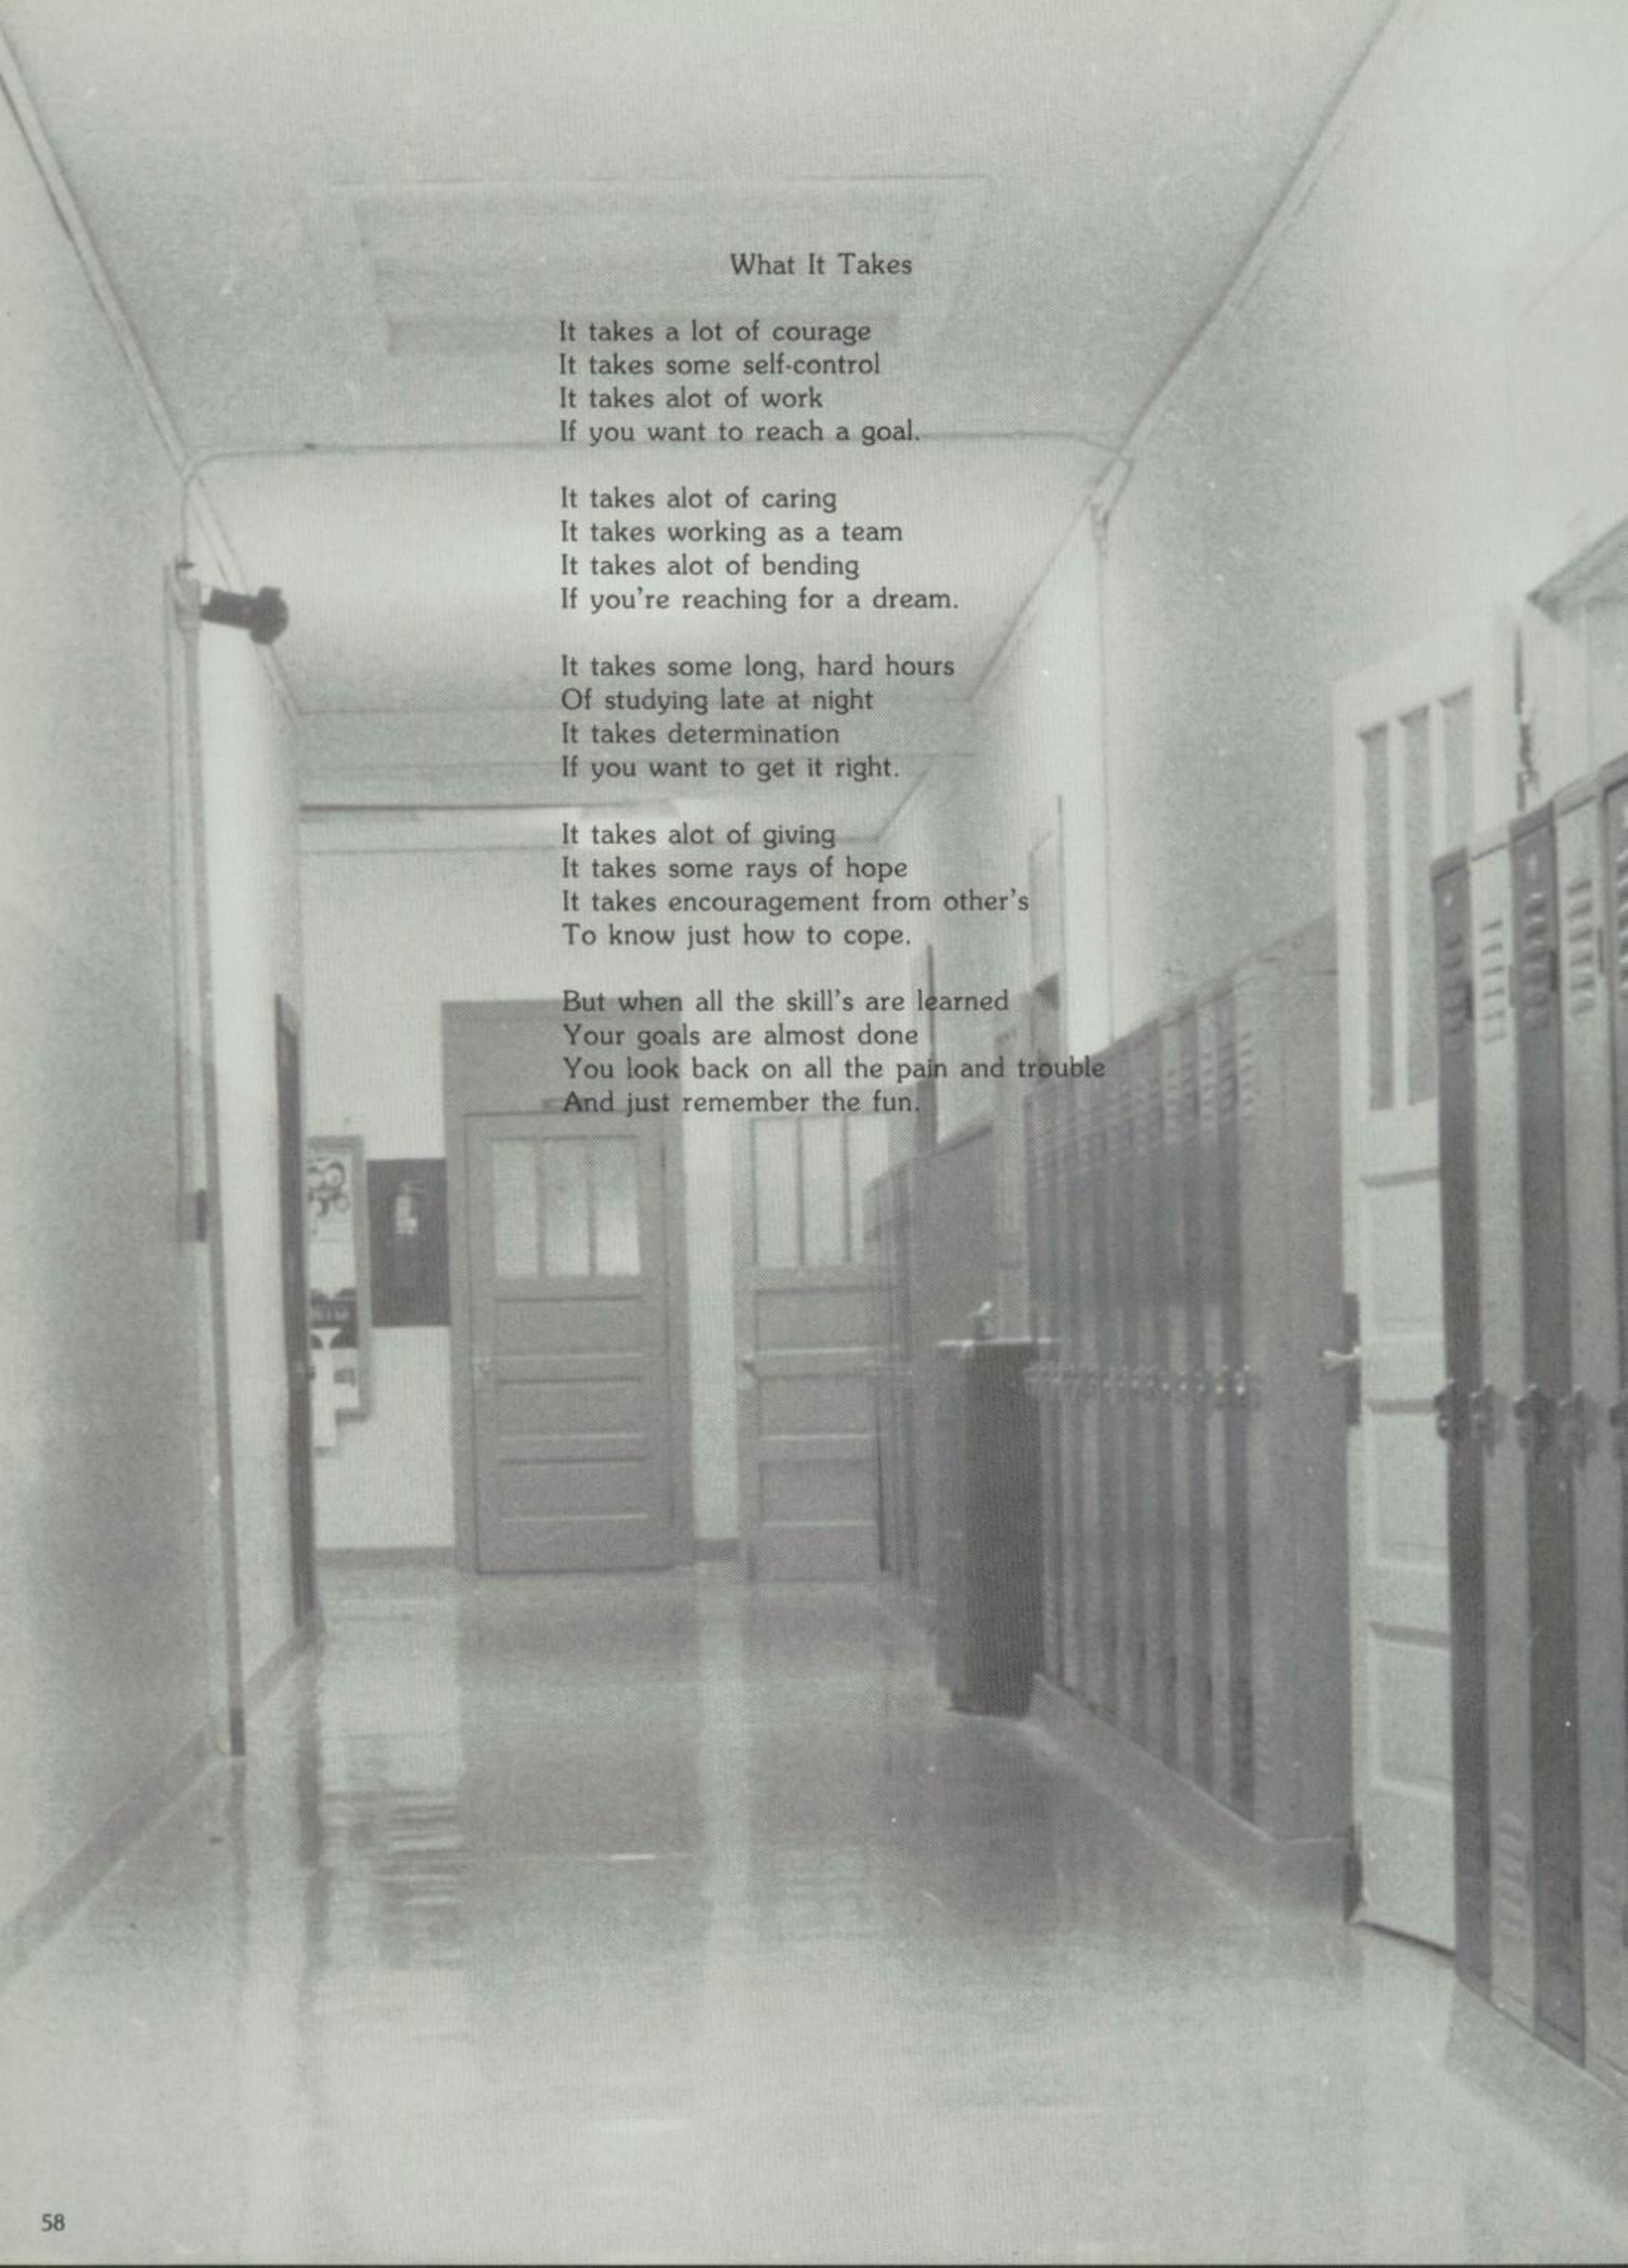
Below: Curtis Doxon types copy and Stephanie Bigham plans her lay out for the 1982-83 Wildcat yearbook.

Above: Kim Parker developes prints for the yearbook in the dark room. Below: Yearbook staff rushes to meet their deadline.



What It Takes

It takes a lot of courage
It takes some self-control
It takes alot of work
If you want to reach a goal.

It takes alot of caring
It takes working as a team
It takes alot of bending
If you're reaching for a dream.

It takes some long, hard hours
Of studying late at night
It takes determination
If you want to get it right.

It takes alot of giving
It takes some rays of hope
It takes encouragement from other's
To know just how to cope.

But when all the skill's are learned
Your goals are almost done
You look back on all the pain and trouble
And just remember the fun.
